

- Credit will be awarded for military training based on American Council for Education (ACE) recommendations.
- Credits transfer into NHCC without grade point average (GPA), unless stated otherwise within degree requirements.

Subpart B. Minnesota State Institutions.

For Minnesota State institutions where a student has coursework prior to Fall 1998, the student must obtain and furnish to NHCC an official transcript for each institution from which transfer credits are to be considered. For Minnesota State institutions, where a student has coursework (from Fall 1998 to present), the student must furnish an official transcript at the point of admission. Any updates to this initial evaluation must be requested by the student.

Subpart C. Non-Minnesota State Institutions.

For institutions outside of the Minnesota State system, the student must furnish to NHCC an official transcript to the Records and Registration Office for each institution from which transfer credits are to be considered.

For course credit earned at an institution located outside the United States of America or one of its territories, the policy is as follows:

- The institution at which the student earned course credit and the course for which transfer is under consideration must be reviewed and approved by an international credential evaluator accredited by the National Association of Credential Evaluation Services (NACES). The student must pay the fee for the evaluation expense;
- The student must obtain and furnish to NHCC an official copy of the evaluation completed by the international credential evaluator.

Subpart D. Evaluation of Transcripts.

Upon receipt, a Transfer Specialist will evaluate all official transcripts for transfer of credit, prerequisite completion and placement test waiver eligibility.

- An email notification will be sent to the student directing them to see how their credits have transferred by reviewing their Degree Audit Report (DARS) using eservices. Placement test waiver eligibility will be included in this email.
- Formal acceptance of transfer credits will occur during the student's first term of attendance, after the add drop period.

Subpart E. Credit Limit.

North Hennepin Community College does not limit the number of credits students may transfer into the college. Not every credit will necessarily apply to the degree/certificate program.

Subpart F. Credit Life.

North Hennepin Community College will consider all credits for transfer regardless of when those credits were completed.

Part 3. Transfer of the MnTC.

Individual courses from other Minnesota State institutions and from the University of Minnesota transfer to North Hennepin Community College into the Minnesota Transfer Curriculum. Such courses transfer according to the MnTC goal areas designated for them by the institution where the student originally took the course. Completion of the entire goal area at another Minnesota State institution completes the goal area at North Hennepin. However, there is no guarantee that courses from private and non-Minnesota colleges will satisfy MnTC goal areas, even if the courses may be transferable as electives. Such courses are evaluated on an individual basis.

Part 4. Appeal of Transfer Credit Evaluation.

A student has the right to appeal a transfer evaluation to the institution as well as the Minnesota State system office.

1. Step 1: The initial appeal is to a NHCC Transfer Specialist. In this step, the student provides any additional supporting documentation regarding transfer requests, such as course descriptions or course outlines or syllabi.
2. Step 2: If the initial appeal is not resolved, the student may appeal to the NHCC Academic Dean overseeing the corresponding discipline or program. The Dean will consult with faculty as appropriate. Students are required to meet with an advisor in the - Advising Center, to prepare for this appeal step.
3. Step 3: If the step 2 appeal is not resolved, the student may appeal to the NHCC Provost.
4. Step 4: If the step 3 appeal is not resolved, the student may appeal to the Senior Vice Chancellor for Academic and Student Affairs at the Minnesota State System Office. The decision of the System Office Transfer Staff is final and binding on all parties.
